British Medical Association.

CURRENT NOTES.

The New House of the Association.

Members in or visiting London are cordially invited to inspect the new House of the British Medical Association in Tavistock Square. On application to the porter at the gate arrangements will be made to show them round, together with any friends they may bring with them. Garage accommodation is available while members are using the building.

The British Medical Association Charities Fund.

An old member of the Association, who had arranged in his will some years ago to leave something to medical charities, has been led by the discussion which took place at the Annual Representative Meeting at Bath[1] to alter his dispositions so that the sum of £1,000 will be left at the disposal of the British Medical Association Charities Committee. The member called at the office to make inquiries, and, after coming to the decision that in this way his money would be best used in the interests of the profession and of the Association, he gave permission for his intention to be announced, in the hope that it might encourage others to do likewise.

Treasurer's Cup Golf Competition.

The attention of Division secretaries and members of the Association generally is drawn to the rules and regulations appearing in the Supplement of August 22nd, 1925 (p. 93), regarding the Treasurer's Cup golf competition, from which it will be seen that the first stage of the competition begins on October 1st, by which date all intending entrants must notify their intention to the secretary of the local Division.

Assistant Medical Officer and School Medical Officer, Wigan.

In the list of appointments appearing under the heading "Important Notice" in our advertising columns will be found the post of assistant medical officer and school medical officer to the county borough of Wigan. The advertisement for this appointment was tendered to the Journal and refused, because the corporation is only offering £500 per annum, while requiring a high degree of experience and competence. The appointed officer will have, *inter alia*, to do maternity and child welfare work, the medical inspection and treatment of school children, and certification and supervision of mental defectives. Candidates must have had special experience in diseases of women and children, obstetrics, and child welfare work, and the possession of a Diploma in Public Health and experience in refractions are stated to be desirable. It is earnestly to be hoped that practitioners possessing the necessary qualifications will, by refraining from applying for this post, assist the British Medical Association in its mission of improving the conditions of public health officers in this country. It must not be forgotten that the proportion of senior posts to junior in the public health service is such that only about one in five of those who enter the service can ever expect to reach a senior post, the salaries of which average between £800 and £1,000. Most of the junior officers are entering what is virtually a blind alley service, and therefore it is essential that the commencing salary should be a reasonable one.

[1] Supplement, August 1st, 1925 (pp. 59-62).

Conference of Representatives of Local Medical and Panel Committees.

In connexion with the first Panel Conference to be held in the British Medical Association House, Tavistock Square, on Thursday, October 22nd next, the attention of honorary secretaries is drawn to the following dates:

September 21st: Last date for receipt of motions for inclusion in Provisional Agenda of Conference.

September 30th: Issue of Provisional Agenda of Conference, which will include motions sent in by Committees and by the Insurance Acts Committee and be accompanied by the Insurance Acts Committee's annual report.

October 12th: Last day for receipt of motions for inclusion in the Final Agenda.

October 15th: Issue of Final Agenda.

Election of Direct Representatives upon Insurance Acts Committee.

It is desired to draw attention to the fact that nominations for the twenty-three direct representatives upon the Insurance Acts Committee for 1925-26 must be by Local Medical and Panel Committees, as such, and must reach the Medical Secretary, British Medical Association House, Tavistock Square, W.C.1, on form M.2/1925-26 (copies of which will be furnished upon application), not later than the first post on October 12th, 1925. Nominations by Scottish County Panel Committees for four county panel representatives on the Scottish Sub-committee of the Insurance Acts Committee must be made on nomination paper M.3, and by Scottish Burgh Panel

Committees for four burgh representatives on the Scottish Subcommittee must be on nomination paper M.4, and must reach the Medical Secretary by the first post on October 12th.

An Oversea Opening.

The Medical Secretary has been told of an opening in Newfoundland for a young, keen, and active doctor who would enjoy a life which the Medical Secretary's correspondent describes as a "rugged" one. Any medical man who feels attracted by the prospect is invited to write to the Medical Secretary for further particulars.

Meetings of Branches and Divisions.

DORSET AND WEST HANTS BRANCH: WEST DORSET DIVISION.

THE last meeting of this Division took place on September 9th. It was a social meeting to which members brought their friends of both sexes. The party, which numbered between 60 and 70, met at Milton Abbey at 2.30 p.m. and inspected it by kind permission of Sir Eric Hambro and under the guidance of the Rev. H. Pentin, who had been Vicar of Milton for thirteen years. Afterwards the party proceeded through the grounds and climbed to St. Catherine's Chapel, which was also inspected. Later Athelhampton Hall was visited and tea was provided there by the generosity of the owner, Mr. G. Cochrane. After tea, members and their friends strolled round the beautiful house and gardens. A pleasant afternoon terminated at about 6.15 p.m.

YORKSHIRE BRANCH: YORK DIVISION.

A MEETING of the Division was held on August 26th in the York Medical Society's Room, with Dr. J. G. CRAIG in the chair.

The HONORARY SECRETARY stated that the medical officer of health, Dr. P. R. McNaught, had drafted for publication a leaflet on cancer and had submitted it to the Executive Committee. A number of suggestions were made, and accepted by the medical officer of health, and the leaflet, as amended, met with the approval of the Committee. It was not intended to broadcast the leaflet, but that it should be handed to people asking for advice. Dr. MCNAUGHT thanked the Division for its assistance.

Dr. H. E. KING REYNOLDS, who acted as spokesman of a deputation to the Health Committee of York Corporation on the subject of hospital accommodation, reported that several individual cases had been gone into in detail and he thought some impression had been made. The MEDICAL OFFICER OF HEALTH said that plans for extension of the fever hospital were being produced and that considerable improvement in accommodation would result, particularly in the shape of a cubicle block for miscellaneous infectious diseases.

The HONORARY SECRETARY reported on the presentation of a flag representing the Division for the decoration of the Great Hall in the Association's new House in London. He was instructed to issue another circular asking those members who had not subscribed to the Flag Fund to do so.

Dr. PETER MACDONALD referred to the meeting of the Yorkshire Branch on September 26th, and to the exhibition of human embryos (transparent) which he had seen at the Annual Meeting at Bath. He said the specimens were excellent; the Department of Embryology, University College, was appealing for further specimens of embryos, abortions, tubal pregnancies, etc., and he hoped members would forward any specimens which came into their hands. Dr. Macdonald then fully reported on the Annual Representative Meeting at Bath, dealing more particularly with items of interest to the Division. In concluding, Dr. Macdonald announced that he had been reappointed a member of the Insurance Acts Committee and of the Central Ethical Committee. In answer to Dr. MILLS, Dr. MACDONALD stated that members who subscribed through the British Medical Association Charities Committee would be able to earmark amounts for various charities (national or local). In answer to Dr. LYTH, he expressed the opinion that it would be well for the Division to pass a resolution on the question of the payment of medical staffs of hospitals in respect of certain accident cases in the form recommended by the Council of the Association, and, after discussion, the following resolution was passed *nem. con.*:

> That the Medical Board of the York County Hospital should be asked to consider the following resolution adopted by the Representative Body of the British Medical Association:
>
> "That in all cases of accident where medical attendance is given at a voluntary hospital, and such medical attendance is covered either directly or indirectly by insurance, the hospital authorities should recover from the insurance company the full cost of maintenance and treatment of such patient. That where patients who would ordinarily be considered as private patients are admitted to hospital solely on account of accident or emergency they should be considered as 'private patients.'"

A hearty vote of thanks to Dr. Macdonald for his excellent services as Representative of the Division was carried with acclamation.

The HONORARY SECRETARY read an extract from a circular by the Medical Secretary on the inadvisability of practitioners sending patients to opticians, and he was instructed to issue a circular on similar lines to all members of the profession in the area of the Division, warning them against this practice.

Dr. LOUISE FRASER (consultant medical officer to the York Maternity Hospital) opened a discussion on puerperal morbidity and mortality, and expressed the opinion, which was emphasized by statistics, that there was great urgency to take some steps to reduce this mortality, particularly in the direction of improved asepsis and more ante-natal care on the part of medical practitioners. Dr. MACDONALD proposed that the matter be referred to the Executive Committee to see what steps could be taken and to take whatever steps seemed advisable. In seconding, Dr. MCNAUGHT gave statistics of the maternal deaths in York during the last five years, which showed that the general rate of maternal mortality in York was 4, as compared with 4.68 per 1,000 for England and Wales. The resolution was carried.

Association Notices.

BRANCH AND DIVISION MEETINGS TO BE HELD.

BIRMINGHAM BRANCH: WEST BROMWICH DIVISION.—The fourth regular meeting for 1925 of the West Bromwich Division will be held in Parish's Restaurant, Lombard Street, West Bromwich, on Tuesday, October 6th, at 8 p.m. The meeting will take the form of a supper, and Mr. B. T. Rose, F.R.C.S., of Birmingham, will read a paper on surgery in general practice.

BORDER COUNTIES BRANCH: DUMFRIES AND GALLOWAY DIVISION.—The next meeting of the Division will be held in the Royal Infirmary, Dumfries, on Thursday, September 24th, at 3.30 p.m., when Dr. John Marshall, *M.C.*, of Glasgow and Dumfries, will deliver a lecture on the iris and pupil, illustrated with stereoscopic slides and cases. Dr. Livingston and others will exhibit specimens.

CAPE OF GOOD HOPE (WESTERN) BRANCH.—A meeting of the Cape of Good Hope (Western) Branch will be held on Friday, October 30th, at 8 p.m., when there will be a symposium of neuro-syphilis arranged by Dr. F. H. Kooy. Among the speakers will be Dr. J. S. du Toit, Dr. A. Reith Fraser, Mr. J. Lückhoff, Dr. W. P. Mulligan, and Dr. E. W. D. Swift.

LANCASHIRE AND CHESHIRE BRANCH: STOCKPORT, MACCLESFIELD, AND EAST CHESHIRE DIVISION.—A meeting of the Division will be held on Thursday, September 24th, in the Mayor's Parlour, Congleton (by kind permission of the Mayor), at 4 p.m. A report from Dr. L. J. Picton will be received on the Annual Representative Meeting at Bath.

METROPOLITAN COUNTIES BRANCH: WEST HERTS DIVISION.—A meeting of the Division will be held at the Lister Institute, Elstree, on Thursday, September 24th, at 3 p.m. After the meeting there will be a short address on the work of the institute by Dr. Petrie, followed by a demonstration of the methods employed for the production and testing of serums and antitoxins. Tea will be provided at the institute.

MIDLAND BRANCH: DERBY DIVISION.—A meeting of the Derby Division will be held at the Devonshire Hospital, Buxton, on Wednesday, September 23rd, at 3 p.m. Papers:—(1) Dr. J. Barnes Burt, physician to the hospital: Various types of chronic arthritis and their treatment; illustrated by cases. (2) Dr. Eric Biddle, bacteriologist to the hospital: Indications and scope of vaccine treatment in arthritic disease. Cases of special interest will be shown by members of the hospital staff. After tea there will be a discussion.

NORTH OF ENGLAND BRANCH: SUNDERLAND DIVISION.—A scientific meeting will be held at the Royal Infirmary, Sunderland, on Wednesday, October 7th. All medical practitioners in the area of the Sunderland Division, whether members or not of the British Medical Association, are invited to be present. The annual address will be given by Dr. Crichton Miller on Thursday, November 12th, and the annual dinner will be held the same evening.

NORTH WALES BRANCH.—A special joint meeting of the North Wales Branch with the members of the North Wales Division of the National Veterinary Medical Association will be held at the Queen Hotel, Chester, on Tuesday, September 22nd, at 1.45 p.m. The subject for discussion is clean and pure milk and the administration of the Milk and Dairies Consolidation Acts and the Tuberculosis Order, 1925. Speakers will deal with the following aspects: the Veterinary, Mr. J. S. Lloyd, F.R.C.V.S. (Sheffield); the Medical Officer of Health's, Dr. E. Ll. Parry Edwards (Carnarvon); the General Medical Practitioner's, Dr. J. C. Davies (Wrexham); the Agricultural, Mr. G. Jones, B.Sc. (Llangefni); the Public Analyst's, Mr. H. F. Lowe, M.Sc., F.I.C. (Chester); the Bacteriological, Dr. W. H. Grace (Chester). A general discussion will follow. It is hoped that there will be a good attendance of members.

OXFORD AND READING BRANCH: OXFORD DIVISION.—In place of the complete post-graduate course which has been temporarily suspended, a series of ward and out-patient demonstrations under the auspices of the Oxford Division will be given by members of the honorary staff of the Radcliffe Infirmary on the afternoons of the week commencing October 5th. The demonstrations will be open to both members and non-members of the British Medical Association. To those notifying Dr. William Stobie (honorary secretary), 340, Banbury Road, Oxford, of their intention of being present on any afternoon, a detailed programme will be sent towards the end of September. There are no fees.

SOUTHERN BRANCH.—A meeting of the Branch will be held at the South-Western Hotel, Southampton, on Thursday, September 24th, at 2.45 p.m. Agenda: Correspondence; financial statement; letter from Honorary Secretary, Isle of Wight Division, and letter from Sir S. Guise Moores, K.C.B., C.M.G., accepting the office of President-Elect; paper by Dr. L. P. Firman-Edwards (Ryde) on the significance of blood counts, to be followed by a discussion.

THE MEDICAL REGISTER: UNTRACEABLE PRACTITIONERS, 1925.

WE are requested by the Registrar of the General Medical Council to publish the following list of medical practitioners who have not replied to his inquiries as to the accuracy of their addresses. Anyone who finds his or her name included in this list should communicate immediately with the Registrar of the General Medical Council, 44, Hallam Street, Portland Place, London, W.1, otherwise the name will be omitted from the next issue of the *Medical Register*.

Naval and Military Appointments.

ROYAL NAVAL MEDICAL SERVICE.

SURGEON COMMANDERS A. R. FISHER to the *Columbine* for R.N. Hospital, Queensferry; T. A. Smyth to the *Vivid* for R.N. Barracks, Devonport; W. G. Edwards to the *Barham*, and as Squadron Medical Officer; R. F. MacMahon to the *Malaya*.

Surgeon Lieutenant Commanders F. E. Fitzmaurice to the *Vindictive*, and W. G. Thwaytes to the *Excellent*, both as specialists in Ophthalmology; F. G. Hunt to the *Champion*; J. S. Eliott to the *Mackay*.

Surgeon Lieutenants W. G. F. Murray to the *Scarab*; J. G. Maguire to the *Barham*.

Surgeon Lieutenant P. J. Maguire transferred to the Permanent List.

Messrs. H. Gow and D. C. Drake entered as Surgeon Lieutenants and appointed to R.N. Hospital, Haslar, for course.

ROYAL NAVAL VOLUNTEER RESERVE.

Surgeon Lieutenant D. Bertram to the *Ajax* for twenty-eight days' training.

Probationary Surgeon Sublieutenant J. B. Hutchinson to the *Bruce* for twenty-eight days' training in 8th Flotilla.

Mr. L. B. Hartley entered as Surgeon Lieutenant and attached to the London Division.

Mr. D. R. W. Burbury has entered as Probationary Surgeon Sublieutenant and attached to the London Division.

ROYAL ARMY MEDICAL CORPS.

Lieutenant-General Sir Charles H. Burtchaell, K.C.B., C.M.G., retired pay, late R.A.M.C., is appointed Colonel Commandant, vice Major-General Sir Hayward R. Whitehead, K.C.B.

Major-General Sir William G. Macpherson, K.C.M.G., C.B., retired pay, late R.A.M.C., is appointed Colonel Commandant, vice Sir David Bruce, K.C.B.

ROYAL AIR FORCE MEDICAL SERVICE.
